Javier Martínez

Machine Learning Engineer

PROFESSIONAL SUMMARY

Experienced Machine Learning Engineer with a strong background in developing predictive models and data analysis. Skilled in Python and deep learning frameworks, I thrive in challenging environments and aim to leverage AI for impactful solutions.

EXPERIENCE

Machine Learning Engineer

Tech Innovators Inc.
06/2021 - Present • Madrid, Spain

- Developed a recommendation system that increased user engagement by 30%.
- Implemented machine learning algorithms that reduced processing time by 20%.
- Collaborated with data scientists to optimize models, enhancing accuracy by 15%.

Data Scientist

Data Solutions Co.
01/2019 - 05/2021 • Barcelona, Spain

- Designed predictive analytics tools that improved sales forecasts by 25%.
- Conducted A/B testing on models, leading to a 40% increase in conversion rates.
- Automated data collection processes, saving the team 15 hours per week.

Junior Data Analyst

AI Insights Ltd.
07/2017 - 12/2018 • Valencia, Spain

- Analyzed datasets using Python, contributing to a project that reduced costs by 10%.
- Developed visualizations that helped stakeholders understand data trends.
- Assisted in the deployment of machine learning models in a production environment.

EDUCATION

Master of Science in Computer Science

Universidad Politécnica de Madrid
2015-2017 • Madrid, Spain
