SKILLS

- Python
- TensorFlow
- Keras
- SQL
- Data Analysis
- Machine Learning
- Deep Learning
- Model Deployment

LANGUAGES

- English
Native
- Korean
Fluent

INTERESTS

- AI Ethics
- Robotics
- Data Visualization

PORTFOLIO

- github.com/jameskim

— PROFESSIONAL SUMMARY

Senior Machine Learning Engineer with over 8 years of experience in developing scalable AI solutions. Proven track record of driving innovation and improving performance in high-stakes environments.

— EXPERIENCE

● Senior Machine Learning Engineer

Tech Innovations Inc.

01/2020 - Present • San Francisco, United States

- ▶ Designed and implemented an AI-driven recommendation system that increased user engagement by 30%.
- ▶ Led a team of 5 engineers in developing a predictive maintenance model, reducing downtime by 40%.

● Machine Learning Engineer

Data Solutions LLC

06/2016 - 12/2019 • New York, United States

- ▶ Developed machine learning algorithms that improved data processing speed by 50%.
- ▶ Collaborated with cross-functional teams to deploy a fraud detection system, decreasing false positives by 20%.

● Junior Machine Learning Engineer

AI Dynamics

03/2015 - 05/2016 • Los Angeles, United States

- ▶ Assisted in the development of neural network models for image recognition, achieving 95% accuracy.
- ▶ Conducted data analysis and feature engineering that enhanced model performance by 15%.

● Intern - Machine Learning

Innovative Tech Corp.

06/2014 - 08/2014 • San Diego, United States

- ▶ Supported data cleaning and preprocessing for machine learning projects.
- ▶ Participated in brainstorming sessions to improve existing algorithms.

— EDUCATION

Master of Science in Computer Science

Stanford University

2012-2014 • Stanford, United States
